Start & Finish - Overview Map

-> Mass start for all competitions (except 1st round of Hill Climb)

-> For all competitions (except Hill Climb), the finish line is located at the festival area

Access to the starting area is for participants only. Upon entry, participants' start groups will be checked, and leaving the starting area thereafter is not permitted.

Leaving the starting area and the course after the start, as well as cutting the course short, will result in immediate disqualification without exception.

Each participant will be assigned to one of 5 start groups: Elite = Top 3 riders / RACE = up to 10% / I = 11 to 30% / II = 31 to 60% / III = 61 to 100%. The assignment to the correct start group is based on performance, i.e., based on verified results from the years 2022, 2023, and 2024.

-> The deciding factor for the classification is exclusively the overall ranking (men and women) not the age group ranking.

All performance-oriented women who wish to and do not voluntarily prefer to start further back will be grouped together in an additional field within Group I, given they inform us via email by July 28, 2024 -> info@ebm100.de.

Participants of the EBM 2023 will be automatically assigned to the correct start group. First-time participants and those who want to improve their start group can be assigned according to their performance by providing a different result from a marathon comparable to the EBM in participant size from 2022, 2023, or 2024. This notification must be completed by July 28, 2024, using the input form on our homepage. -> [LINK](#)
